

To whom it may concern

Baar, 11. December 2014

**Regulation (EC) No 1907/2006 (REACH Regulation)**

**Manufacturer Declaration of Conformity**

Traco Electronic AG (TRACO) manufactures, imports and globally distributes Traco Power products (AC/DC Power Supplies and DC/DC Converters). Traco Power products do not fall under the REACH regulation, because they belong to none of the following material groups:

- a) substances on their own
- b) substances in preparations
- c) substances in articles intended for release

Therefore, according to the REACH regulation:

1. No suppliers of Traco Power products need to be asked or surveyed for pre-registration
2. Neither TRACO nor Traco Power production plants need to nominate any "only representative"
3. TRACO and Traco Power production plants will continue to produce, import and globally distribute Traco Power products without any change
4. Availability of Traco Power products will not be affected by REACH compliance activities

Compliance reference is max. 0.1% weight-per-part presence of materials shown in the SVHC candidate list active at issue date of this declaration.

See <http://www.tracopower.com/products/tp-reach.pdf> for current SVHC reference.
